OUR MISSION

01

Mission

At Rajnandini, our mission is to become a trusted household name by delivering consistent value, quality, and innovation in every product we offer, making everyday life better for families around the world.

02

Vision

To become a globally recognized leader in fashion by building a brand that inspires trust, reflects tradition, and champions innovation.

To deliver high-quality, ethically made apparel by combining technology, trend research, and in-house manufacturing — while fostering a positive and growth-focused work environment.

03

Value

At Rajnandini, our work is guided by a strong set of core values that define who we are and how we operate — from design to delivery.

CORE VALUE

Quality First

We never compromise on craftsmanship. Every piece is made with attention to detail, ensuring durability, comfort, & elegance.

Sustainability

We are committed to responsible sourcing, minimal waste, and eco-friendly practices wherever possible.

Customer Focus

Our customers are at the heart of what we do. From fit to fashion to service. we prioritize their needs and satisfaction.

Integrity in Every Stitch

We believe in honest business, ethical manufacturing, and transparency in our processes with customers, partners, and employees.

Innovation & Style

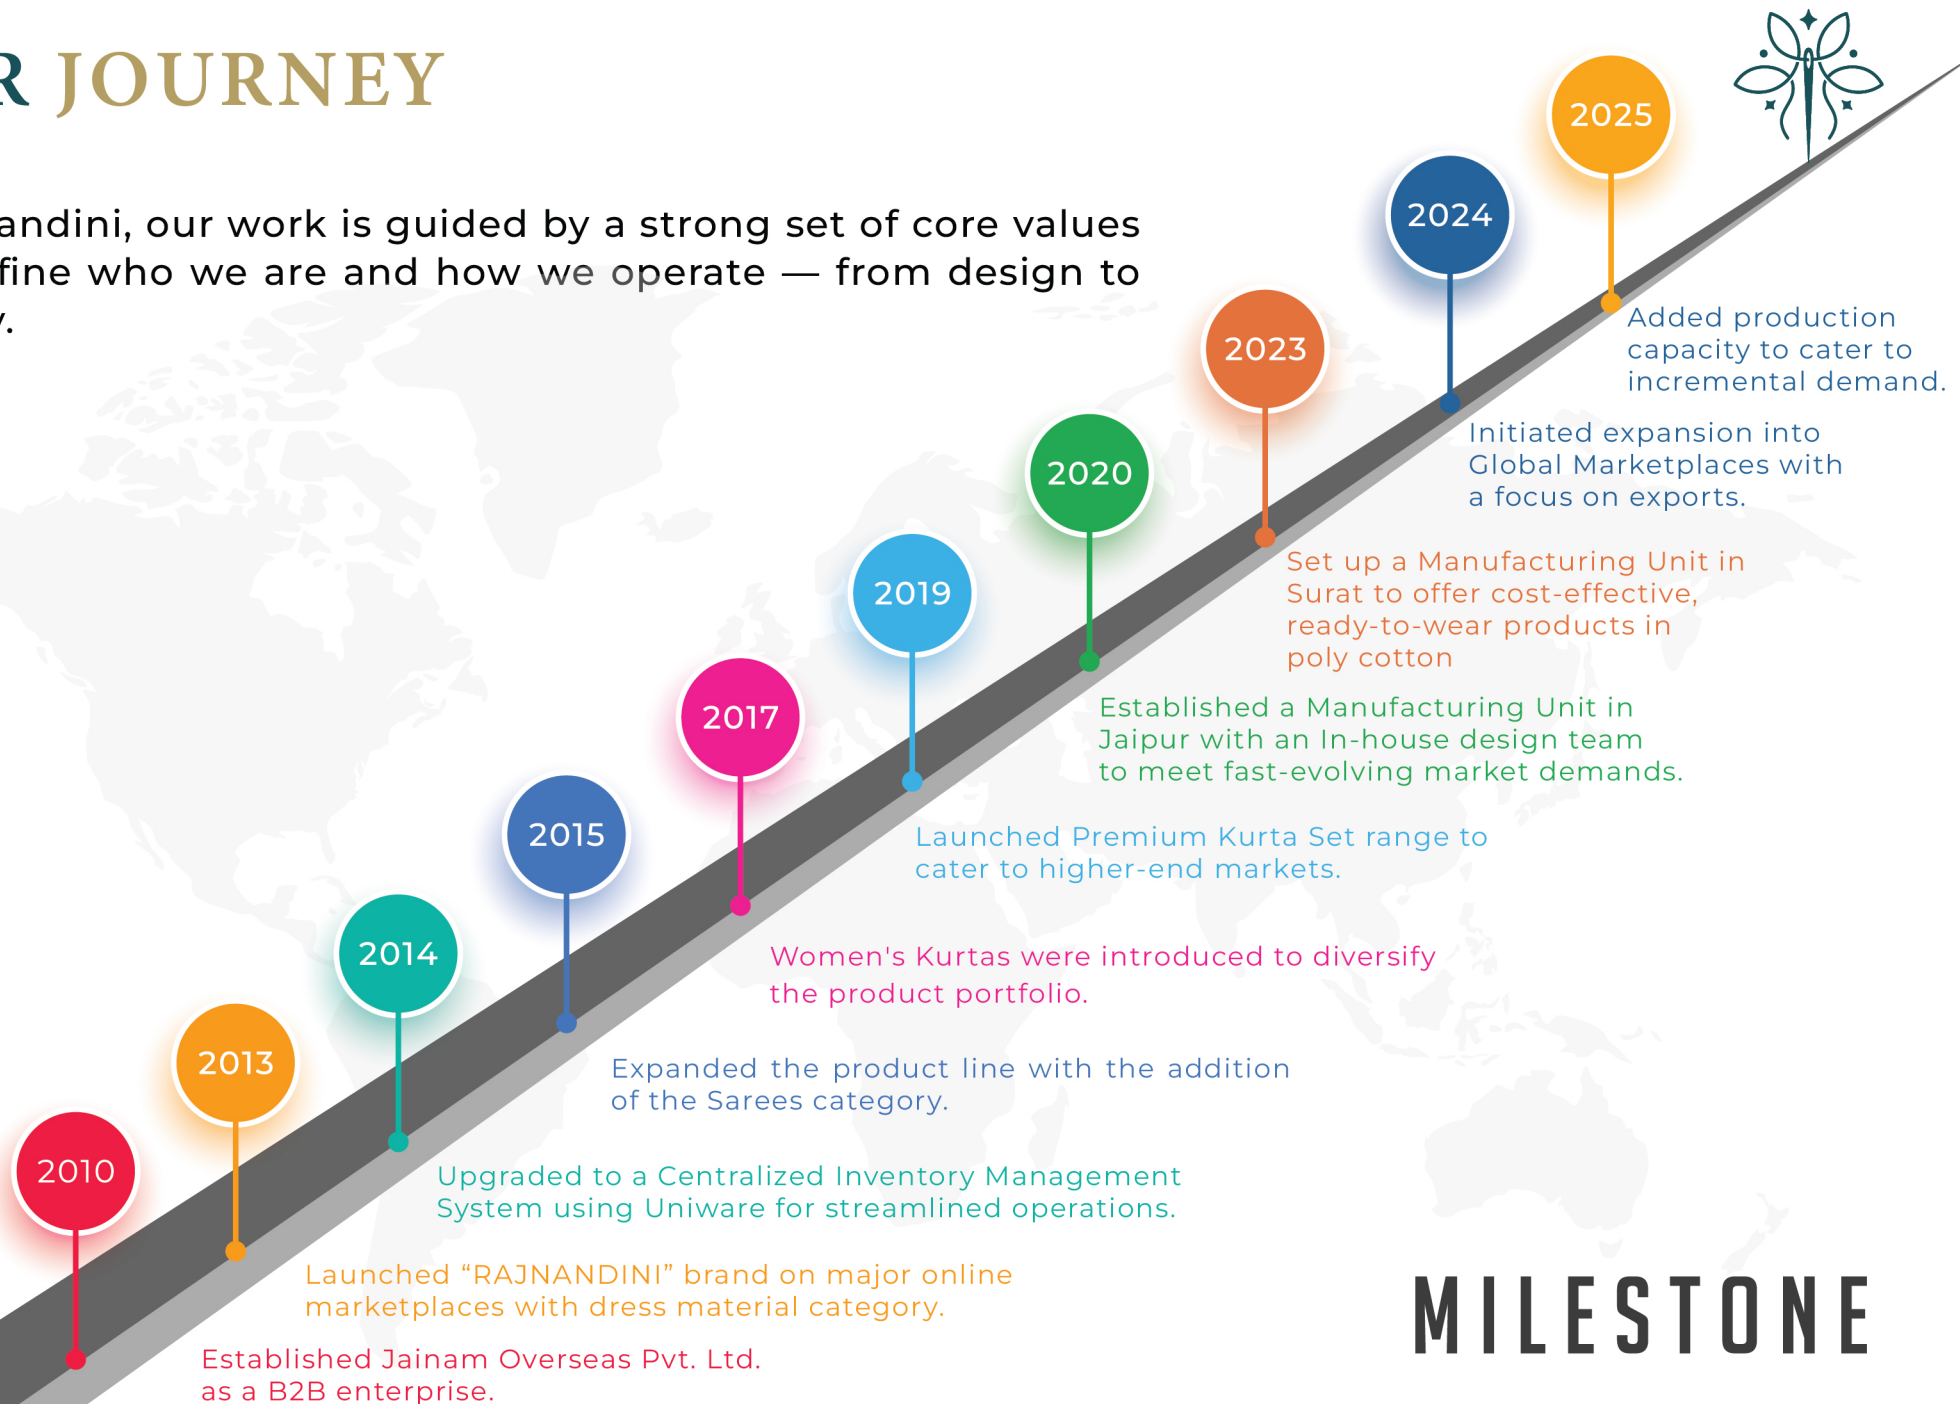

We stay ahead of trends to bring fresh, modern designs while preserving the charm of traditional Indian wear.

BRAND WE OWN

OUR JOURNEY

AWARDS & RECOGNITION

AMAZON INDIA PREMIUM SELLER

Amazon STEP is a performance based benefits program to empower sellers of all sizes and tenure to drive growth on Amazon India by focusing on their performance

FLIPKART TOP SELLER

Flipkart Tiering system is designed to reward you for seller performance. Seller must outperform the current growth index benchmark to get this reward.

UNIWARE ASSOCIATION AWARD

Uniware is industry leader in order management, omnichannel retailing and warehouse management solution. We are one of the first seller to associate with uniware, which gives us benefit

OUR MANUFACTURING FACILITY

Our fully integrated manufacturing facility is designed for efficiency, scale, and quality. From fabric sourcing to final packing, every stage is managed in-house by skilled professionals and modern machinery. With a strong focus on design flexibility and quick turnaround, our infrastructure supports both premium and affordable product lines, ensuring we meet diverse customer and market needs with consistency and care.

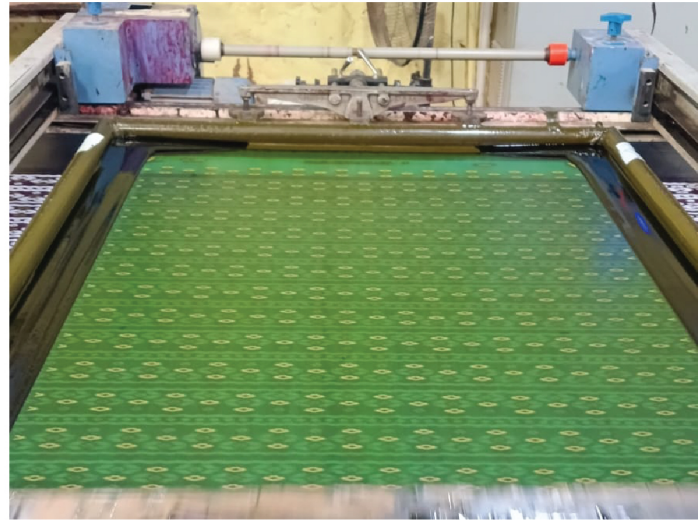

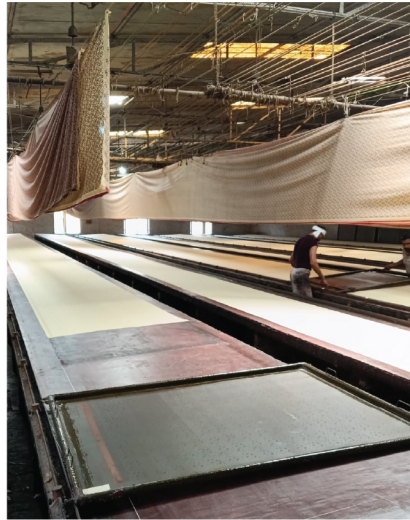

RAW MATERIALS

At Rajnandini, quality starts at the source. We carefully select premium raw materials—ranging from cotton, poly cotton, rayon to blended fabrics. Each fabric is selected for its comfort, durability, and visual appeal, forming the base of our signature style and craftsmanship. This meticulous selection process ensures that every garment reflects our commitment to quality, versatility, and value.

MATERIALS PRINTING

Our In-house printing unit brings designs to life with high-quality screen, digital, and rotary printing. From bold patterns to subtle motifs, we ensure vibrant colours, sharp detail, and long-lasting prints on a wide range of fabrics. This enables fast turnaround and full creative flexibility for seasonal and custom collections.

DESIGN SKETCHING

Every garment begins as an idea brought to life through hand-drawn or digital sketches. Our in-house designers blend ethnic aesthetics with modern silhouettes, capturing trends, fabric flow, and wearability. These sketches are the first blueprint before sampling and production.

PATTERN MAKING

Our skilled design and sampling team creates precise patterns that ensure perfect fit and flow across all garment types. Using a mix of manual drafting and digital tools, we develop patterns that align with current trends, fabric behaviour, and production efficiency—laying the foundation for high-quality, consistent garments at scale.

LAYERING & CUTTING OF GARMENT

We use precision layering and cutting techniques to ensure minimal fabric wastage and consistent sizing. With a mix of manual expertise and machine accuracy, our team prepares fabric stacks and cuts patterns in bulk—ensuring speed, efficiency, and quality in every piece.

STITCHING

At Rajnandini, stitching is where design takes form. Our dedicated unit, equipped with advanced industrial sewing machines and a team of highly skilled tailors, ensures each garment is crafted with precision. We use a range of stitching techniques tailored to fabric types and garment styles, focusing on fit, finish, and comfort, ensuring a polished final product.

With a daily production capacity of **3800–4000** pieces, we efficiently meet high-volume demands without compromising on quality.

HANDWORK & EMBROIDERY

We enhance our garments with intricate handwork and embroidery, adding traditional charm and artisanal value. Our skilled artisans create detailed embellishments—from threadwork and mirror work to sequins and beads—tailored to each design. This in-house capability allows us to offer premium, handcrafted finishes that elevate the final look.

THREAD CUTTING

At Rajnandini, stitching is where design takes form. Our dedicated unit, equipped with advanced industrial sewing machines and a team of highly skilled tailors, ensures each garment is crafted with precision. We use a range of stitching techniques tailored to fabric types and garment styles, focusing on fit, finish, and comfort, ensuring a polished final product.

QUALITY CHECKING

Every garment undergoes a thorough quality check to ensure it meets our standards for stitching, fit, finishing, and presentation. Our dedicated QC team inspects each piece to deliver flawless, ready-to-wear products to our customers.

IRONING

Each garment is steam ironed to ensure a crisp, wrinkle-free finish. This final touch enhances the garment's presentation and prepares it for packing and delivery in perfect condition.

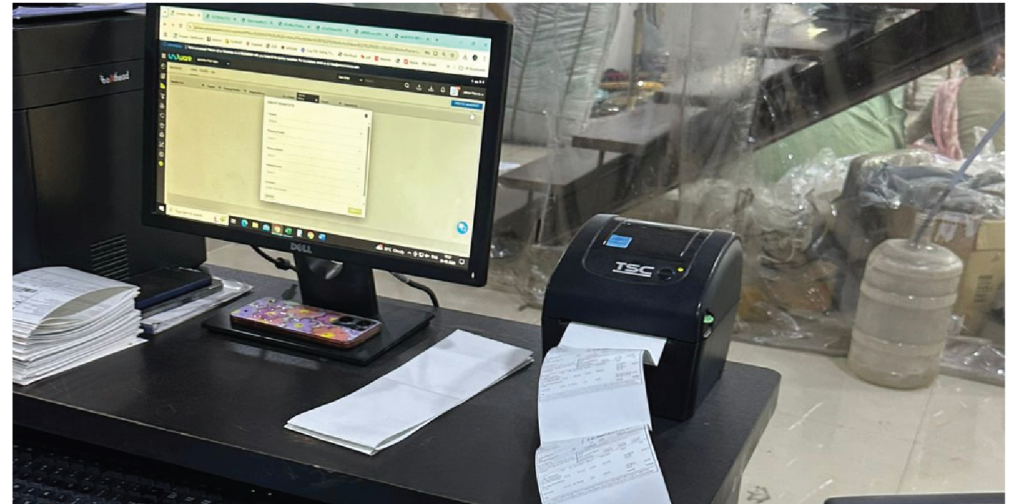

BRANDING & PACKAGING

Our packaging process reflects our commitment to quality and brand identity. Each garment is neatly folded, tagged with SKU labels, and packed in branded, tamper-proof bags. We ensure clean presentation, product protection, and easy inventory management—ready for retail or direct delivery.

ORDER PROCESSING & DISPATCH

Our dispatch team ensures timely and accurate delivery of every order. Once packed, garments are systematically sorted, scanned, and handed over to reliable logistics partners for domestic and international shipping. With SKU-based tracking and organized workflows, we maintain efficiency in handling both bulk and direct-to-customer shipments

SEWING MACHINERY

At Rajnandini, our commitment to precision and quality is supported by state-of-the-art sewing machinery. From basic stitching to advanced processes, our machines ensure efficiency, consistency, and a premium finish for every garment. With **150+** machines, we produce **3800–4000** pieces of complete garments daily.
